Dear National Secretary/Class Representative

National Secretaries Meeting 2016

I have received a number of comments expressing concerns that communications between IFDCO and the National Class Organisations has broken down. Many cite one of the reasons being our reliance on the Website & social media sites such as Facebook as our sole means of communication.

To try and address your concerns we are going to trial re-introducing the National Secretaries meetings at both the World & European Championships so the next meeting will be in Steinhude on Tuesday the 24th May, time & location still to be agreed so please watch the event noticeboard for more information, in the meantime I've attached the Agenda for your consideration.

I appreciate some of you won't be coming to the Worlds in Steinhude thus unable to attend the meeting in person, so can I urge you to find someone that can be your substitute and if that is also not possible then please send me a short report telling us what is happening in your country.

If you are no longer the National Secretary I would be grateful if you could please forward this notification & attached Agenda to the person that now hold that that position and let me have their contact details.

Kind Regards,

Tony Lyall
President IFDCO
