MARINA DI SCARLINO
TOSCANA

Why choosing Marina di Scarlino?

Marina di Scarlino is located in southern Tuscany, on one of the most beautiful stretches of coastline in the Maremma region. The Marina today is not just a top-quality mooring place, but an open door where visitors will find the very best of the culture, nature, and food and wine that the region has to offer. The Marina is set in a unique environment, away from the crowds and close to pristine beaches and the characteristic Mediterranean pine forests. The **inland** area behind the Marina forms the perfect backdrop, with a view of the medieval castle of Scarlino, one of the many medieval hamlets that line the **Maremma hills**; on the horizon out to sea are **Elba** and **Montecristo**, two of the most beautiful islands in the Mediterranean.

Marina di Scarlino surroundings are without a doubt one of its most appealing features: the Maremma region is one of the most fascinating and more or less off-the-beaten-track destinations in Tuscany – a land of **good food and wine, culture, wild unspoilt nature** and, of course, the sea in all its forms.

Resort Baia Scarlino: the suites

All the apartments are fully furnished and have **large panoramic terraces** around the harbour .

Since early 2014, **Resort Baia Scarlino** has been managing the suites.

Three types of apartments are available: **Prestige** (classic suite or sea-view suite), **Duplex** and **Deluxe**, whose details highlight just how well thought-out the entire concept is. The residential complex has an **underground car park** that is directly accessible from the apartment level and the square via the lifts or stairs. The attention to details can also be seen in the **design** and the colours, which have been chosen to guarantee guests a **relaxing, comfortable** stay.

Resort Baia Scarlino apartments will be available to crews for special rates.
